

Square Root are on the lookout for an enthusiastic and committed Full Time Production Assistant to help run our busy Soda Works production site.

We are an award winning soft drinks producer, founded in 2012 in Robyn & Ed's kitchen. From there we've grown in to our railway arch production space in Hackney, and next up we'll be moving into a bigger, brand new Square Root Soda Works. We make all our own sodas, from fruit to bottle – something nobody else in London is doing!

This is an active role for someone who likes the sound of a busy, wide-ranging and physical job. This role is based at our East London Soda

Works site, a friendly environment, with a small team of fun colleagues who support each other.

Duties Include:

- A full time contract, five days a week, 8 hours a day, preparing bottles and boxes of our excellent sodas.
- Bottling and Capping Drinks on our production line: Standing for periods of time as part of a chain of hardworking Square Rooters, getting the fizz into the bottles and screeching along to the radio.
- Labelling drinks: Loading the label machine, monitoring labelling process closely, keeping a keen eye out for errors and faults.
- Packing and stacking cases of fizzy pop.
- Maintaining high levels of cleanliness in our production space.
- Manual handling and heavy lifting – we need you to be comfortable with physical work.
- Optional out of hours events work, at KERB food markets, beer festivals, and beyond!

Applicants must:

- Be ready to get stuck in. It's a messy, practical job, and it's ESSENTIAL that you arrive on time and pay close attention to your work, so we only ever let perfect drinks out of the door.
- Be great working as part of a team and individually – we're a small group so we need a real team player, but sometimes you also just need to get in the zone and get that pallet of sodas stacked up high.
- Be a stickler for detail and able to work quickly, in a clean and tidy way – we've got a limited amount of space (London woes) so we need people to be efficient and mess conscious!
- Communicate well, so we can explain if you don't know what you need to be working on, or if you spot something is wrong, just shout, ask for help, sing a song about it, whatever works.

Experience is not strictly necessary as full training will be provided but previous experience in a kitchen, or in food production would be an advantage and a Food Hygiene Certificate Level 2 or above would be a bonus. Most important to us is that you have a good work ethic and a positive attitude.

Our team is what makes us here at Square Root and we love sitting down together for big communal lunches and touring round together on staff nights out – it's an exciting time to become part of our rapidly growing business.

Compensation details

- £8.50 per hour, rising after initial review period.
- Square Root Lunch Time – we sit down together every day and share a company provided lunch, it's the best!
- All you can drink soda, plus Friday drinks at our production space – our fridge is filled with only the best local producers our soda swapsies can buy (yes, we mean beer, and all sorts of other treats too).
- Quarterly team dinners with our catering customers – they make the best food, it would be rude not to stuff our faces *AHEM* conduct essential market research.
- The chance to join our small, friendly, quirky team, and to progress your career with us as we grow rapidly.
- Optional veg box scheme, a total nutritious bargain.

To apply, please email a copy of your CV with a short description of your experience and why you think you'd be right for the job, addressed to Robyn, to jobs@squarerootsoda.co.uk! Application deadline is end of day, Friday 15th February.
